

Tutorial

Knitted peace symbol

For those who prefer to knit here's a tutorial on how to knit a peace symbol for Woolinale's community project.

First just knit a square or a rectangle in stockinette stitch (alternate knit one row, purl one row) with a border in garter stitch (knit first and last three stitches of every row).

Peace-Symbol can be added by intarsia/faire isle knitting (see pictures 1 and 2) with two contrasting colors while knitting your piece. Or you knit your piece and add the motive afterwards using duplicate (see pictures 3 and 4) or cross stitch.
